

K-Love is an amazing radio station that my whole family listens to. I am comfortable having K-Love on the radio at all times and never fear what our 2 year old might hear and repeat. K-Love is positive, uplifting, and refreshing. If K-Love were taken off of the air, there are few other radio stations we would listen to. We would listen to CDs while in the car or at home rather than have the radio on. I believe K-Love should remain on the air to help serve the community of Cincinnati, the surrounding areas and all areas that K-Love reaches! After moving here from Atlanta, we felt blessed to find K-Love on the radio. What an awesome way to start each day!
